

Banding Systems

Breeze Make-A-Clamp

This is a maintenance "clamp system" in a box. By simply cutting off a piece of banding from a continuous roll, you can make any size 100% stainless steel worm-gear clamp from 3" diameter on up (10 inch or 10 foot diameter, you pick it and you do it in fifteen seconds). It's a must for anyone who's likely to encounter requirements for varying sized large clamps. Reusable. Superior to and more versatile than "crimp/buckle" banding and strapping products.

Sizes and Part Numbers			
Stock no.	Contents	Packed	WT PER CTN.
4000	Mini kit: 8-1/2 Ft. band, 3 adj. fasteners, 1 band splice	5 boxes of 10 kits to standard carton (50 kits)	28
